14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ **On December 9, 2015 Third Avenue Focused Credit Fund (the "Taxpayer") adopted a plan of liquidation which was amended on December 14, 2015 (the "Plan"). The Plan calls for the Taxpayer to make a series of liquidating distributions which will result in the complete liquidation of the Taxpayer. On December 16, 2015 the initial liquidating distribution in the amount of \$0.58613 per share was paid in cash to holders of both the Taxpayer's Institutional Class Shares and its Investor Class Shares. Form 8937 with respect to that distribution has been posted to Taxpayer's website.**

**On June 15, 2016 the Taxpayer made its second liquidating distribution pursuant to the Plan. The amount of this distribution was \$0.54362 per share which was paid in cash to holders of both Institutional Class Shares and Investor Class Shares. This June 15, 2016 distribution is the second in a series of liquidating distributions which together with the December 16, 2015 distribution and additional future liquidating distributions will result in the complete liquidation of the Taxpayer.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **The June 15, 2016 cash distribution of \$0.54362 per share to holders of the Taxpayer's Institutional Class Shares and its Investor Class Shares should be treated as the second in a series of liquidating distributions in complete liquidation of the Taxpayer. U.S. shareholders must first apply liquidating distributions against, and reduce, the tax basis of each share, but not below zero, before reporting gain or loss with respect to such share. Amounts received in excess of the basis of any share will generally be reported as gain in the year received. Any basis with respect to a particular share that remains after all liquidating distributions are received would generally result in a loss with respect to such share. Subject to certain exceptions, losses with respect to any share may generally not be recognized until the final liquidating distribution is received. Shareholders should consult with their own tax advisors for assistance in adjusting the basis of their shares as well as in determining the amount and character of any gain or loss.**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ **In accordance with Internal Revenue Code Section 331, the basis of each share would be reduced, but not below zero, by the amount of any liquidating distributions, including the June 15, 2016 liquidating distribution of \$0.54362 per share.**

**Part II Organizational Action** (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ Internal Revenue Code Sections 331 and 346(a).

18 Can any resulting loss be recognized? ▶ Loss generally cannot be recognized at this time. Subject to certain exceptions, losses with respect to any share may generally not be recognized until the final liquidating distribution is received.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ Information concerning liquidating distributions is generally reported on Form 1099-DIV, Box 8. Information concerning the second liquidating distribution of \$0.54362 per share which was made on June 15, 2016 should be included on a 2016 Form 1099-DIV which should be issued in early 2017.
